"Hi my name is Ray Tompkins I have Attended 2 of Mike's caller schools and would recommend it to any caller with one or more years experience calling. You will get lots of mike time and instruction on the mechanics of calling and body flow. If you are the type who's a hands on learner like me this is the school for you."

"Mike is an excellent teacher who makes his callers' school like a private lesson. He is the only instructor, and is adept at guiding students where they need to be. Having a small class really does mean more calling time, and that's what callers need: practice, practice, practice. I encourage veteran callers to participate too."
